WINERY & VINEYARDS

MILLENNIUM MM VINEYARD

2011 NAPA VALLEY

CABERNET
SAUVIGNON

Blend: 100% Cabernet Sauvignon

Vintage: The fruit in our Millennium MM Vineyard developed slowly in the cool Spring of 2011. The summer warmth and impeccable farming practices kept the ripening process moving, allowing the grapes to ripen evenly through the month of October and the fruit was harvested on October 28, 2011.

Wine: The Millennium MM Cabernet is made from grapes grown less than one-half mile from the winery, on the northern edge of the Rutherford AVA. This vineyard produces grapes that have been used in some of Napa Valley's storied wines for the past half-century. Whitehall Lane's Leonardini Family bought the vineyard in the Millennium year, 2000 and brought modern viticulture science to the property, improving on the already impeccable quality. This 2011 wine was made from hand-selected grapes in one small vineyard block.

Notes: This Rutherford Cabernet is loaded with cassis and black berry aromas and flavors. Fancy oak is integrated beautifully into this classic wine and there are chewy tannins that turn to a velvety finish. This offering is enjoyable today but will benefit from cellar aging through 2026.
